REDAKTÖR: ARNE MÜNTZING

BAND 57: 3 1967

BERLINGSKA BOKTRYCKERIET LUND

UTGIVNINGSDAGAR 1967

1:a—2:a häft., pag. 1—295, den 29 september

3:e » » 297—448, » 31 oktober

INNEHÅLL

ASKER, SVEN, Induced sexuality after chromosome doubling in an apomictic *Potentilla argentea*-biotype 339

BOSEMARK, NILS OLOF, Post-meiotic nuclear fragmentation and pollen sterility in autotetraploid sugar beet 217

— Edaphic factors and the geographical distribution of accessory chromosomes in *Phleum phleoides* 239

EKBERG, INGER and ERIKSSON, GÖSTA, Development and fertility of pollen in three species of *Larix* 303

ELLERSTRÖM, S. and HAGBERG, A., Monofactorial heterosis in autotetraploid barley 319

ERIKSSON, ALDUR W. and FELLMAN, JOHAN, Twinning and legitimacy 395

ERIKSSON, A. W., VAINIO-MATTILA, BIRGITTA, KRAUSE, U., FELLMAN, J., and FORSIUS, H., Secondary sex ratio in families with X-chromosomal disorders 373

ERIKSSON, TAGE, Cell cultures of *Haplopappus gracilis* as testing material for radiomimetic compounds 127

FREDGA, KARL, Comparative chromosome studies of the family Mustelidae (Carnivora, Mammalia) 295

— Chromosome studies in six different tissues of a male small Indian mongoose (*Herpestes auropunctatus*) 421

GAHNE, BO, Inherited high alkaline phosphatase activity in cattle serum 83

— Alkaline phosphatase isoenzymes in serum, seminal plasma and tissues of cattle 100

GRIPENBERG, ULLA, Chromosomal changes induced by X-ray therapy 439

HALL, BERTIL, FREDGA, KARL, and SVENNINGSEN, NILS, A case of monosomy G? 356

HAMMAR, BO, Differences in heterochromatin between some avian species 209

HANSEN-MELANDER, EVA, The chromosomes of the long term cultivated field-vole cells 440

HENEEN, W. K., NICHOLS, W. W., LEVAN, A., and NORRBY, E., Studies on syncytia formation in a cell line (LU 106) of human origin after treatment with measles virus 369

HENRICSON, BENGT and AUGUSTINSSON, KLAS-BERTIL, Causes of individual variation in arylesterase activity in blood plasma in rats 178

HERMELIN, THORSTEN, Effects of acute gamma irradiation in barley at different ontogenetic stages 297

ISING, GUNNAR, Chromosome breakage and aneuploidy in *Cyrtanthus* 312

— Fertility and heterosis in tetraploid barley 327

JAWORSKA, HALINA and NYBOM, NILS, A thin-layer chromatographic study of *Saxifraga caesia, S. aizoides,* and their putative hybrid 159

JOHANSSON, HENRIK, Esterase polymorphism in *Secale* and *Lamium* 440

KIHLMAN, B. A. and HARTLEY, BERYL, "Sub-chromatid" and the "folded fibre" model of chromosome structure 289

LEVAN, ALBERT, Some current problems of cancer cytogenetics 343
LIMA-DE-FARIA, A., DNA replication in heterochromatin 441
LINDSJÖ, AGNETA and HALL, BERTIL, Partial monosomy of the long arm of an E chromosome — A new syndrome 205
LUNDSTRÖM, ANDERS, Genetic aspects of variation in tooth width based on asymmetry and twin studies 403
MARK, JOACHIM, Double-minute — A chromosomal aberration in Rous sarcomas in mice 1
— Chromosomal analysis of ninety-one primary Rous sarcomas in the mouse 23
MELANDER, YNGVE, Studies in allocycly of chromosomes 441
MUNCK, LARS, Heterosisproblems in mice nutrition 443
MÜNTZING, ARNE, Some main results from investigations of accessory chromosomes 432
NICHOLS, WARREN W., LEVAN, ALBERT, and HENEEN, WAHEEB K., Studies on the role of viruses in somatic mutation 365
PANTON, CHARLES A., The breeding of Lucerne *Medicago sativa* L. for resistance to *Verticillium albo-atrum* Rke. et Berth. III. Transgressive segregation in F_3 and the effect on resistance of certain systems of inbreeding 115
— Observations on the nature of inheritance of resistance of lucerne to *Verticillium albo-atrum* 333
PERSSON, GÖRAN, Mapping of genes for ear internode length in barley 444
RAMEL, CLAES, Genetic effects of organic mercury compounds 445
RASMUSON, MARIANNE, RASMUSON, BERTIL, and NILSSON, LARS RYNO, A study of isoenzyme polymorphism in experimental populations of *Drosophila melanogaster* 263
SPRAGUE, LUCIEN M., Multiple molecular forms of serum esterase in three tuna species from the Pacific Ocean 198
THERKELSEN, A. J., LAMM, L. U., and HENNINGSEN, K., Heritable morphological difference between the two chromosomes No. 16 in humans 149
UMAERUS, MAGNHILD, Somatic aberrations in *Solanum tuberosum* induced by ethyl methane sulfonate and X-irradiation 447
VAMOS-HURWITZ, E., ARYA, S., BOGGS, I. R., and NICHOLS, W. W., Familial enlargement of the short arm of a small acrocentric chromosome 185
WENNSTRÖM, JOHAN and DE LA CHAPELLE, ALBERT, Autoradiographic studies of chromosomal DNA synthesis in two males with female karyotypes 411
VIRKKI, NIILO, Orientation and segregation of asynaptic multiple sex chromosomes in the male *Omophoita clerica* Erichson (Coleoptera: Alticidae) 275
ÖRBECK, ALF L. and GIEZENDANNER, LEO, High incidence of harelip in a Norwegian district 382

INNEHÅLL

ANNERSTEDT, INGRID and LUNDQVIST, ARNE, Genetics of self-incompatibility in *Tradescantia paludosa* (Commelinaceae) 13

BAHN, ERIK, Crossing over in the chromosomal region determining amylase isozymes in *Drosophila melanogaster* 1

BOSE, SUNANDO and FRÖST, SUNE, An investigation on the variation of phenolic compounds in *Galeopsis* using thin layer chromatography 145

BOSEMARK, NILS OLOF, Genotypic competition in anisoploid sugar beet varieties 111

BRAEND, MIKAEL, Genetic variation of horse hemoglobin 385

DENWARD, THORE, Differentiation in *Phytophthora infestans* I. A comparative study of eight different biotypes 191

ELIASSON, KEITH, GUSTAVSSON, INGEMAR, HULTÉN, MAJ and LINDSTEN, JAN, The meiotic chromosomes of the male dog (*Canis familiaris*) 135

FEDOROFF, SERGEY, Proposed usage of animal tissue culture terms 86

FREDGA, KARL and RAYNER, STURE, Mitotic and meiotic studies of a familial reciprocal translocation between autosomes 15 and 18 in man 303

HALKKA, OLLI, Chromosome breakage associated with infection I. Phase contrast microscopy 248

HALKKA, OLLI and HEINONEN, LIISA, Chromosome breakage associated with infection II. Stained sections 253

HAMMAR, BO, Heterochromatin in the prophase of the male meiosis of *Columba palumbus* L. 297

VON HOFSTEN, ANGELICA and VON HOFSTEN, BENGT, Electron microscope studies on *Ophiostoma multiannulatum* 138

HÄLLSTRÖM, TORE, Familial occurrence of idiopathic hypoparathyroidism 325

KATO, REI, Localization of "spontaneous" and Rous sarcoma virus-induced breakage in specific regions of the chromosomes of the Chinese hamster 221

KELLER, ROLF and NORDÉN, ÅKE, Chromosome observations in bone marrow cells and lymphocytes of peripheral blood of patients with megaloblastic anemia 265

LIMA-DE-FARIA, A., BIANCHI, N. O. and NOWELL, P. C., Patterns of chromosome replication in a patient with chronic granulocytic leukemia 31

NIELSÉN, KARIN, Chromosome studies in the Ehrlich ascites tumor of the mouse grown *in vitro* 73
REITALU, JUHAN, The occurrence of 48-chromosome cells in a patient with Klinefelter's syndrome over a six-years period. Identification by autoradiography of the 48th chromosome 63
STOY, VOLKMAR and HAGBERG, ARNE, Effects of growth regulators on ear density mutants in barley 359
VAARAMA, ANTERO and HIIRSALMI, HEIMO, Chromosome studies on some old world species of the genus *Scrophularia* 333
WALLES, SOLVEIG, Studies on the uptake of ethyl methanesulfonate into embryos of barley 95
WHITE, BEVERLY J. and TJIO, JOE HIN, A mouse translocation with 38 and 39 chromosomes but normal N. F. 284
VIRKKI, N., Rapid allocyclic changes in the centric and an arm segment of the X chromosome in meiosis of male *Omophoita superba* Weise (Coleoptera, Alticidae) 262
YTTERBORN, KARL H., Rates of autosomal recessive lethals after X-ray treatment of spermatogonia and spermatozoa in *Drosophila melanogaster* 165
ÅKESSON, HANS OLOF, Pachyonychia congenita in six generations 103
